ABOUT TALGA RESOURCES

Talga Resources (**Talga**) (ASX: "TLG") is a diversified mineral explorer and developer with a portfolio of 100% owned graphite, iron, copper and gold projects in Sweden and Western Australia.

Graphite

Talga wholly owns multiple advanced and high grade graphite projects in the Kiruna Mineral District of northern Sweden. The immediate focus is to advance these projects towards development, utilising the advantages of established quality infrastructure including power, road, rail and ports. Initially this will entail economic studies on the JORC Indicated and Inferred 7.6Mt @ 24.4% Cg Nunasvaara resource and upgrading of the size and status of the Raitajärvi graphite Inferred resource.

Iron

Talga owns multiple JORC compliant iron resources and exploration targets located in the Kiruna mineral district. The iron ore deposits are of significant scale and strategic importance, with considerable growth upside based on historic drilling. Talga's strategy is to commercialise these assets to provide funds for the graphite projects.

Gold

Talga owns multiple high grade gold projects located in the Yilgarn and Pilbara regions of Western Australia. Additionally the Company owns several copper-gold projects within its Sweden portfolio.

Talga Resources project locations in north Sweden.
